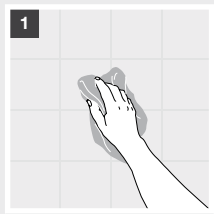
Victoria accessories

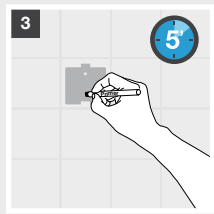
Dual installation: adhesive and screws

The installation of adhesive is easy, durable and also avoids the use of the drill in only eight easy steps.

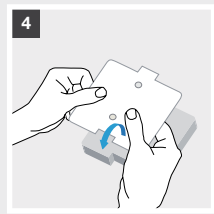


Clean the mounting surface with a 50% water and alcohol solution.

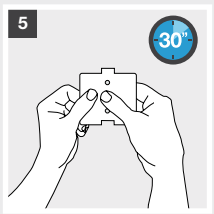
Tighten the “first” tube to break the inner capsule until the liquid soaks the cap.



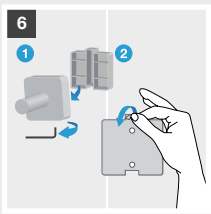
Apply a thin layer of the “first” tube on the surface of the support and on the wall to increase the adherence and let it act for 5 minutes.



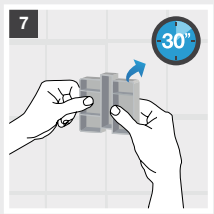
Stick the adhesive on the wall bracket.



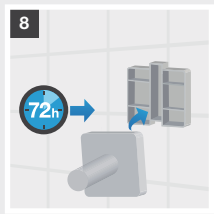
Press the adhesive strongly for 30”



Assemble the support on the accessory and remove the adhesive protection. Do not touch with your fingers.



Place the accessory on the wall from the bottom, remove the item and press for 30".



After 72 hours, reassemble the item to the wall bracket.

The installation by drill is easy, simple and durable in just four easy steps.

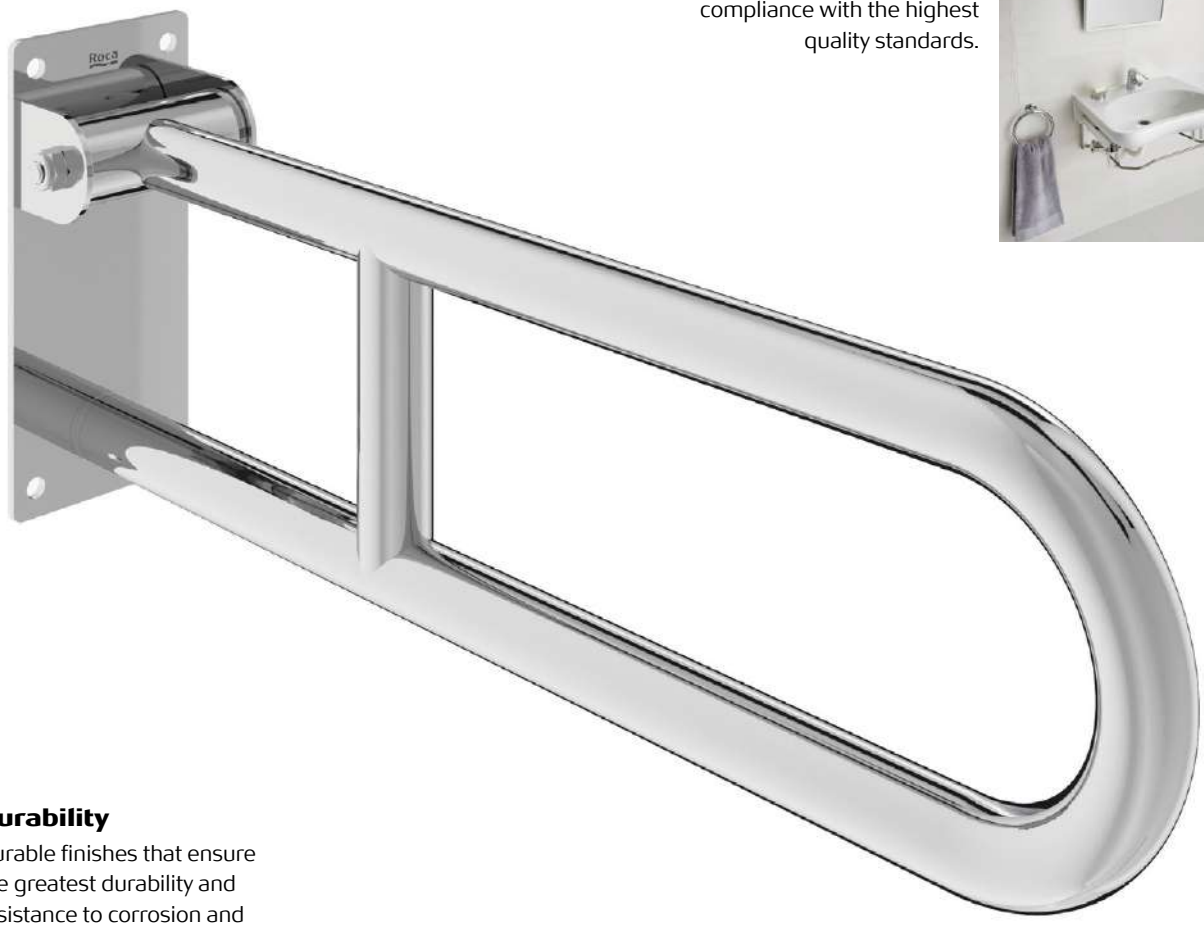
Accessibility

Certified quality

Rigorous homologation processes that guarantee compliance with the highest quality standards.



Durability

Durable finishes that ensure the greatest durability and resistance to corrosion and wear caused by use.

Security

Use of non-slip materials and electrical insulators that provide the perfect grip and guaranteed maximum safety.
