SHOWER DREAMS YOUR PERSONAL EXPERIENCE

Head showers, hand showers and shower systems are small technical masterpieces with the intention of making shower dreams come true.
An experience that refreshes all senses and at the same time allows a moment of “release”.

KLUDI-ASANA WELLNESS PROGRAM

A SHOWER EXPERIENCE FOR ALL SENSES

In the bathroom, the shower plays a key role in creating an individual wellness experience. The large-format KLUDI-ASANA ceiling showers offer wellness with a real wow effect and the ultimate in showering comfort. They impress with their size alone, but even more so with their heavenly water experience.

This is especially true of the models that, in addition to a pleasant, voluminous summer rain, provide extra wellness with a focused laminar flow or a waterfall-like cascade and light. KLUDI-ASANA ceiling showers are made of high-quality stainless steel and are fully integrated into the ceiling so that they blend harmoniously into the bathroom.

A wide range

- Three sizes: 340x340 mm, 440x440 mm, 600x300 mm
- Single jet (summer rain) or dual jet (summer rain and clean jet or summer rain and waterfall)

KLUDI-DIVE

DIVE INTO INSPIRING SHOWER WORLDS

KLUDI-DIVE

Dive into inspiring shower worlds

New types of jets, incredible design ideas, tangible added value – the innovative KLUDI-DIVE shower range offers a one-of-a-kind, all-round wellness experience in the shower:

Top-Features

- KLUDI-DIVE hand showers redefine showering with the three new Body, Hair and Skin jets.
- The design incorporates a cleverly positioned chamfer that creates an impressively light and modern look.
- KLUDI-DIVE hand showers are available in two sizes: the DIVE S with a 107 mm shower head and the DIVE X with a 117 mm shower head – with either one or three jets.
- Stylish head showers in two designs and four new shower systems round off the range.
- Special water-saving options help to conserve water and energy – without sacrificing any comfort and showering pleasure.

WHAT MAKES THE PERFECT Hand shower?

This question was answered by celebrity hairdresser Chris Coenen himself, his team and 100 of his customers during the course of a dynamic test phase. The developers at KLUDI have created the three new types of jets based on their responses.

Concentrically arranged on the spray head of the three-jet hand showers, they can be easily and conveniently switched over with a button

BODY
gentle, full-body, relaxing

HAIR
concentrated, more water pressure, much water

SKIN
focused, massaging, revitalising

Body
All over, voluminous, soft, relaxing – for a complete wellness experience in the shower.

Hair
A revolutionary new jet pattern – powerful, surface-focused, with more water and enough power to wash out shampoos and hair treatments thoroughly and quickly, even from long and thick hair.

Skin
Concentrated, gently tingling, massages the skin and invigorates.

KLUDI

UNIQUE “BODY-HAIR-SKIN” SPRAY TYPE CONCEPT

KLUDI-DIVE spray type concept “body-hair-skin” was developed together with the expert & customer Expert - Chris Coenen. A survey of 100 studio customers revealed:

- Almost all clients use the hand shower for shampoo rinsing.
- None of the clients were satisfied with the spray of their hand shower for shampoo rinsing.
- They all wanted more water and more pressure than the normal spray.
- Rinsing shampoo takes too long, especially for long haired people.
