DIGITAL AND URBAN

Smart control unit

- Ultra-flat design reduced to the essentials
- Discreet elegant look
- High-quality touch display made of black tinted polycarbonate
- Easy-to-read and easy-to-understand icons for simple and convenient operation
- Easy to clean

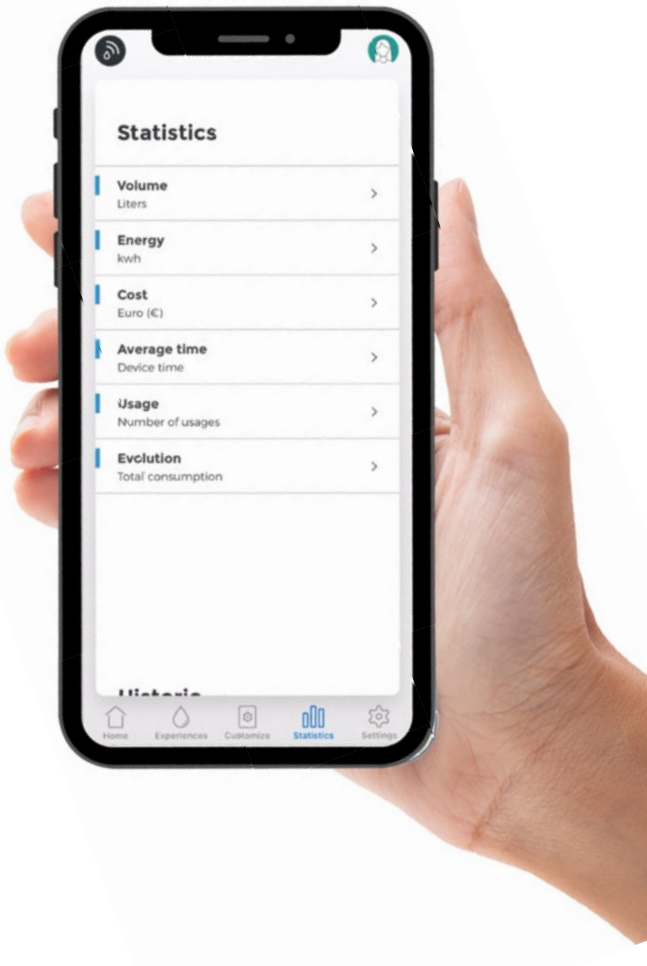

TOUCHTRONIC CAN DO EVEN MORE

KLUDI-TOUCHTRONIC enable two or three elements in the shower to be controlled digitally by means of a high-quality touch display. Integrating the system into the home wireless network additionally allows it to be controlled using the S-FLOW App, which also offers other useful functions and consumption statistics. With KLUDI-TOUCHTRONIC you can customize your wellness experience and memorize your shower scenarios up to three individual users. Consumption and energy values are displayed in the app, allowing you to check your energy and water saving.

Download the S-FLOW App to customize your wellness experience.

What the S-FLOW App can do:

- Switch on and off
- Control the water quantity and temperature separately for each element
- Program up to three individual showering parameters
- Pre-heat function
- Set the temperature lock
- Configure a child safety lock
- Maintenance functions (e.g. anti-legionella, cleaning program)
- Display various consumption values (usage, water volume, energy consumption, etc.)
- Intuitive user interface
- Available free of charge for Android and iOS devices
