KLUDI

Kitchen Fittings

2026

100 years ago

KLUDI began manufacturing bathroom and kitchen fittings in Germany, guided by precision, craftsmanship, and uncompromising quality. Rooted in traditional expertise and meticulous engineering, KLUDI became a faucet specialist known for reliable products and timeless design. Today, this heritage evolves. Building on a century of German quality and technical excellence, KLUDI expands its expertise into a complete bathroom solution, bringing together fittings, ceramics, and furniture in one coherent design language. United by function, form, and emotion, every element is shaped by our understanding of water: how it flows, how it feels, and how it defines the space around it.

A century of German mastery.
KLUDI shapes the bathroom
of today and tomorrow.

COMFORT
Provides all the features needed for everyday use

COMFORT PLUS
Meets sophisticated needs by combining basic and additional features

EXCELLENCE
Meets the highest expectations by combining basic features with exclusive additional features

FUNCTION LEVELS

M-LINE
Mainstream / priority market segment

L-LINE
Lean / L-shaped

C-LINE
Curved / C-shaped

BASIC DESIGNS

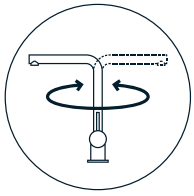

The sink is at the heart of everyday kitchen life. It's where we do so many things: from filling glasses and preparing meals to cleaning kitchen utensils. That makes it all the more important to find the perfect fitting for your individual needs to make your work easier and add true value in your kitchen. Making this decision as easy as possible for you, our kitchen range groups specific kitchen needs into three function levels: COMFORT, COMFORT PLUS and EXCELLENCE. Our three basic designs M-, L- and C-LINE also combine all shapes that turn your kitchen's 'watering hole' into a veritable eye-catcher. Find the perfect kitchen fitting with all the features you need and your preferred design.

Our three function levels are real all-rounders

Add convenience, enhance safety and save time. See for yourself how the perfect sink equipment makes your life easier in every step. That leaves more time for the important things in life.

With its three function levels, our KITCHEN COMPETENCE range keeps everything clear, helping you find the version with the features you need. From basic functions to high-end requirements – our range leaves nothing to be desired. See our product overview on page 7 for full details of the functions and fittings.

RANGE OF MOTION UP TO 360°

Fittings with a full range of motion are ideal for use on kitchen islands.

COMFORT
Optimal functional benefits in everyday life

COMFORT does everything a fitting should, whether for classic fitted kitchens, or for kitchen islands.

SWIVEL SPOUT

The swivel spout makes it easy to fill pots and containers right where the cooking is done. That makes it an extended arm in the kitchen helping you work conveniently where you need to do the job – even behind fittings that swivel 360°.

COMFORT PLUS
Exclusive
operating experience

COMFORT PLUS goes beyond everyday requirements: the added features make every use of the kitchen fitting an exclusive experience.

PULL OUT SPOUT

A pull-out spout makes your everyday work in the kitchen easier. Whether you need to fill a tall vase, wash vegetables or clean large pots conveniently, a pull-out spout makes these jobs much easier, as it gives you more freedom to move around the sink.

PULL OUT HAND SPRAY

In addition to the extended range of motion, the pull-out hand spray makes it easy for you to switch between two water flow settings. The volume jet is ideal for filling large vessels like tall pots and vases quickly. The spray jet is ideal for removing stubborn dirt.

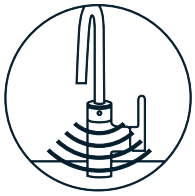

MULTI CONNECTION

The KLUDI multi-connection enhances reliability and convenience. The small lever valve on the fitting base lets you easily stop and restart the water supply to the dishwasher or washing machine in the kitchen. All it takes is a quick turn of the unobtrusive valve.

UNDER WINDOW ASSEMBLY

A KLUDI innovation creates kitchen sinks with a view and optimal design freedom, even directly in front of kitchen windows – the bayonet connection lets you move the fitting out of the way in seconds to open the window. You can simply pull the fitting vertically out of the base and lay it down at the side of the sink.

INTUITIVE OPERATION

Want flowing water even when both of your hands are full? An intelligent infrared system switches on the water flow when you need it.

EXCELLENCE
Intelligent kitchen fittings

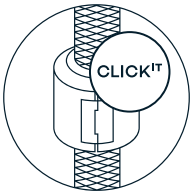

EXCELLENCE meets the most exacting expectations for operating convenience. Building on our basic functions, electronic features turn the fittings into intelligent helpers in your kitchen.

SENSOR TECHNOLOGY

KLUDI sensor technology intuitively supports you in your every - day kitchen work. One gesture is all it takes to control the water flow precisely and conveniently via the unobtrusive integrated sensor. That keeps your hands free and the fitting shiny and hygienically clean. Our hybrid technology makes it easy to switch between contact-free operation and operation by hand.

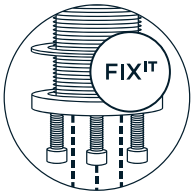

KLUDI EASY-FIT – better in every detail
Installation has never been easier

Our new CLICK-IT ®, CLIP-IT ® and DO-IT ® features as well as our new FIX-IT ® shaft mounts minimise kitchen installation work, saving you time and ensuring better results when fitting your kitchen. We have labelled the fittings with our new features using the relevant symbols.

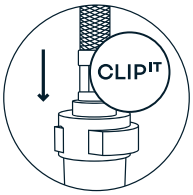

TOOL FREE INSTALLATION

It takes just seconds – our innovative CLICK-IT ® quick fitting system lets you install your pull-out spout fitting simply by hand.

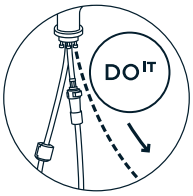

SIMPLE HANDLING

Our new FIX-IT ® shaft mount ensures that your fitting is stable and securely held in place.

INSTALLATION IN SECONDS

Our new CLIP-IT ® quick coupling enables you to simply clip the connecting hoses together, no tools are necessary.

REDUCED WORKLOAD

Our extra-long DO-IT ® connecting hoses mean that no awkward extensions and additional accessories are required for installation.

KITCHEN FITTINGS
THE KITCHEN COMPETENCE

KLUDI is a brand synonymous with unparalleled expertise in both design and functionality when it comes to kitchen fittings. The "Kitchen Competence" concept embodies this commitment, seamlessly integrating cutting-edge functionality with a streamlined, intuitive product range that prioritizes ease and convenience for you.

KLUDI-E-GO
"C-LINE"
More hygiene, more comfort

The intelligent KLUDI-E-GO kitchen faucet is a perfect symbiosis of high-tech "Made in Germany," functional ease of use, and sophisticated aesthetics. Its intuitive sensor technology keeps your hands free and the faucet sparkling clean. It's the world's first hybrid kitchen sink faucet, giving your customers the freedom to choose between touchless and manual operation. For retrofitting, we recommend simply adding the KLUDI-E-GO battery-operated version.

KLUDI-BINGO STAR

Perfect function in expressive form

The tall, arched spout of the KLUDI-BINGO STAR not only makes it easier to fill large pots and vases – it also adds an elegant design accent to the kitchen. In addition to the dynamic design, the wide range of products is striking, offering the perfect solution for every installation situation thanks to the multi-connector and bayonet lock. The flexible double-arch spout version allows for even greater flexibility.

It increases the range of action around the faucet. In both versions of the KLUDI-BINGO STAR, the water flows in a gentle, low-splash laminar flow.

KLUDI-E-GO

"L-LINE"

Powerful design in a modern form

With its particularly deep black tone and L-shape, it's the perfect choice for modern, puristic architecture. You can choose between a U-shaped and L-shaped spout, and select from a variety of finishes to perfectly complement your kitchen ambiance and express your personal style. An intelligent infrared system lets the water flow when needed—even when you don't have a free hand. Thanks to its hybrid function, the E-GO can be conveniently operated manually or in automatic mode. The KLUDI E-GO is available with two connection options: conveniently via a power supply or battery.

KLUDI-L-STEEL

Stainless steel for the highest demands

Minimalist design with maximum style –
With its precise linearity and lack of any superfluous detail, KLUDI-L-STEEL embodies purism in its purest form. Its delicate spout and clear design, combined with perfectly balanced proportions, lend the faucet a pleasant lightness yet a solid appearance. Crafted from solid, high-quality stainless steel, KLUDI-L-STEEL becomes an impressive highlight in sophisticated kitchens. To minimize the time required for your kitchen design, KLUDI-L-STEEL features innovative EASY-FIT features that ensure quick installation.

KUDI

KLUDI-L-INE S

Clear statement in the modern kitchen

KLUDI-L-INE S is our reinterpretation of the classic L-shape. The design follows its traditional lines and is both powerful and delicate. This is evident, for example, in the ergonomically positioned, deliberately wide lever handle, which provides even greater ease of use. The pull-out spout, integrated into the slim design, also underscores the puristic character of the faucet. Depending on your personal taste, you can choose between various finishes: chrome, the combination of white/chrome and black/chrome, or now elegant matt black.

KLUDI-MIX

Purity in form: the timeless aesthetic of modern design

KLUDI-MIX combines flowing transitions with dynamic contours. The spout is gently angled upwards, creating more space at the sink. The rounded body harmonizes perfectly with the semi-circular shape of the spout and the flat lever at the top – a clear statement in the kitchen.

KLUDI-STEEL

Clear design and powerful elegance

The KLUDI-STEEL design impresses with its timeless symmetry and clean lines. Crafted from solid stainless steel, the faucet embodies durability. It withstands the toughest everyday wear and tear and offers a particularly easy-to-clean and hygienic surface. The radially brushed finish underscores the sophisticated overall impression and is also pleasant to the touch. This high-quality, timelessly elegant faucet blends harmoniously into modern kitchens, creating a clean, uncluttered feel.

KLUDI-OBJEKTA

Dynamic in form and function

Thanks to its timeless, classic design, KLUDI-OBJEKTA is particularly well suited to kitchens with a clean, modern look. With its high base and elegantly elongated body, KLUDI-OBJEKTA offers plenty of space when working, even at small sinks. The dynamically designed control lever offers ergonomic comfort for perfect control of water flow and spray intensity. Whether it's a bayonet lock, multi-connector, or a pull-out spray head – it's optimal functionality combined with its classic shape makes KLUDI-OBJEKTA the perfect fit for numerous kitchen concepts of various sizes.

KLUDI

KLUDI-M1

Solid quality for modern kitchens

The KLUDI-M1 series combines contemporary design with practical functionality at a particularly attractive price. With its clean, balanced lines, the faucet blends harmoniously into any kitchen environment. The compact, pleasantly lightweight spout and the ergonomically shaped lever underscore the series' uncomplicated nature and ensure comfortable, intuitive handling in daily use.

To ensure that kitchen planning remains not only beautiful but also efficient, KLUDI-M1 is equipped with practical EASY-FIT features. These enable quick and secure installation, ideal for renovations, new builds, or a straightforward kitchen update.

KLUDI-M1 combines reliable technology and modern design, making it the smart choice for budget-conscious kitchens that value both style and function.

KLUDI-SCOPE

Clear form and optimum function

KINPOLK

KLUDI-SCOPE is characterized by its compact, cylindrical shape, which adds elegant accents to small sinks. The dynamically positioned swivel spout is emphasized by the precise opening angle of the lever and offers an optimal 360° operating radius in the basic version. The faucet is extremely flexible when it comes to adapting to different sink types: With its various spout heights and functional options, KLUDI-SCOPE meets the diverse needs of your kitchen.

KLUDI-LOGO NEO

The logical choice

KLUDI-LOGO NEO: Proven functionality, clear shapes and reliable technology. Creates a modern, architectural impression with its flat surfaces and precise edges.

Clear shapes and reliable technology identify KLUDI-LOGO NEO as a member of the KLUDI fitting family. Thanks to its classical spout that rotates 360°, it proves extremely useful on double sinks, for example.
